The Energy Storage Global Conference (ESGC) is back! The conference's fifth edition will be held on 11 - 13 October 2022 and is organised by EASE - The European Association for Storage of Energy, with the support of the European Commission's Joint Research Centre, as a 100% hybrid event at Hotel Le Plaza in Brussels, as well as online.

The energy storage industry is growing at an exponential rate, with seven-times more utility-scale energy storage capacity today than at the end of 2020. Currently, the U.S. energy storage industry supports over 60,000 jobs in technology innovation, advanced manufacturing, engineering, and construction.

Inspiration and Motivation: This conference will showcase successful case studies and real-world applications of energy storage technologies which will inspire you to apply your knowledge and skills more effectively. Access to Experts and Thought Leaders: There will be featured keynote speeches and discussions led by experts and thought leaders in the energy storage field to ...
