Carbon Capture and Storage Conference â CCS 2024 will be held from 4th - 5th December 2024 at Fornebu in Oslo, Norway. This conference is organized by the Norwegian Ministry of Petroleum and Energy and the European Commission. It will bring together business, politics, academia and civil society to discuss issues related to CCUS towards 2050.

"One solution to address that problem is to use a form of heat storage, a heat battery, which you charge up with solar energy during the day and cook with in the evening," Nydal said. ... The permanent energy exhibition at the Norwegian Museum of Science and Technology in Oslo showcases the history of Norwegian energy. The exhibition ...

February 25-27 Event Focuses on Key Themes in Solar, Energy Storage, EV Charging Infrastructure, Manufacturing, and More. PORTLAND, ME & SAN DIEGO, CA -- Intersolar & Energy Storage North America (IESNA), the premier tradeshow and conference for solar and storage professionals, today opened registration for its February 25-27, 2025 flagship ...

The 6 th OBD battery conference Schive AS, Shmuel De-Leon Energy and Battery Norway are pleased to invite you to participate in the 6th Oslo Battery Days, battery conference, which will take place at the Grand Hotel in Oslo, Norway, August 19th, 20th and 21st 2024 ? Your hosts for the conference: Register now

The Shanghai Energy Storage Exhibition/Energy Storage Technology Conference/International Industrial and Commercial Energy Storage Exhibition/Lithium Battery Exhibition will be held from July 24th to 26th, 2024 at the National Convention and Exhibition Center. The exhibition covers an area of over 60000 square meters, with over 80000 professional visitors and over 150 forum ...

Solar & Storage Live sees more than 200 exhibitors from across the globe, featuring new ways of thinking and novel partnerships to generate solutions to help power the energy transition. This year, the exhibition continues to grow with an expected 12,000+ attendees over the two days.

The theme for this year's conference is "Accelerating the Path to a Sustainable Energy Future" and offers four conference focal points: geothermal energy, carbon capture and storage ...

Portuguese utility to build EUR600m renewable park with 168MW BESS . Image: Endesa. Endesa Generación Portugal, part of Enel Group, has been award the connection rights to develop a renewable energy project combining solar, wind, green hydrogen and a 168.6MW battery energy storage system (BESS) to replace the country's last coal power station.
