Port vila water storage tender announcement

taxi stand is available outside the port gates. Taxis can be identified by number plates starting with 'T' and buses with a 'B'. We recommend negotiating your taxi fare before embarking. CLIMATE. Vila's climate is tropical.

The most common are shallow water depth, the port's size being too small for large cruise ships, or environmental and preservation concerns. To solve this, and to allow passengers to still reach land, cruise ships anchor offshore and passengers are transported to and from land via smaller boats known as tenders or water shuttles.

With tender ports the process on board the ship will be explained in the ships daily newsletter and by announcements on board. The usual procedure is that you go to a nominated place on the ship where you will be given a ticket, when your number is called you go down to the gangway to board the tender (note you don't need a ticket to get the tender back to the ship).

The ships are capable, as long as the wharf at the other end is. North Queensland wharves are much better than a spot like Champagne Bay where only 1 tender can pull up on shore at a time. Port Vila is using temporary facilities, so I ...
