Harness the Power of the Sun With a Solar Generator. Portable generators and whole-home generators provide power for outdoor activities or outages due to storms. These generators operate on propane or natural gas. But there's another option that uses the sun's energy to store needed power: solar-powered generators.

This solution is suitable for outdoor power consumption scenarios such as family travel, outdoor exploration, outdoor operations, emergency rescue, and emergency backup. The portable energy storage all-in-one equipment can build a simple power supply system outdoors, and can be connected to solar panels, grids (or generators) and loads.

Shanghai Sicea International supplies Portable energy storage power supply, Solar powered bluetooth charging lamp, Coreless disc generator, and Electric scales. ... and system integration. Our products primarily involve the design and production of portable energy storage emergency power supplies, solar powered products, battery-free electronic ...
